

Miloš Dronjak

UX Engineer

Experience

UX Designer & Web Developer

 New Designers (student-run agency in Den Haag)  September 2024 - Present

- Contributing to multiple high-impact UX projects in collaboration with THUAS, Gemeente Den Haag, etc.
- Applying UX design practices, from user research and journey mapping to usability testing and iteration
- Managing a 6-month design project (weekly stand-ups, team workflows, conducting client meetings, etc.)

Web Developer

 Wonderful Dental  March 2023 - Present

- Working on a website redesign of one of the fastest-growing companies in the dental industry of the USA
- Discussing new features that will improve the overall UX of the website with the rest of the team
- Building various sections from scratch using plain CSS and Vanilla JavaScript

Portfolio

DASH - BrightSpace AI Tool

 September 2024 - February 2025 [Read more](#)

- The goal was to create an AI recommendation tool that will assist students in preparation for their final exam
- The project was a full-cycle UX project from user research and problem definition to ideation, prototyping, and user testing
- My other duties concerned project management tasks (facilitating weekly check-ups, managing team workflows, etc.)

Granny's Bakehouse - Branding & E-commerce Store

 February 2024 - April 2024 [Figma link](#)

- The primary goal was to uncover what Granny's Bakehouse stands for and build a brand identity from the ground up
- The project involved defining the brand, designing a logo, and creating an e-commerce website
- I used Shopify's Dawn theme as a foundation, customizing it to reflect the brand while maintaining strong UX standards
